Dear Boston Marathon Participants, Volunteers, and Friends,

On behalf of the Boston Athletic Association, principal partner Bank of America, and all of our sponsors and supporters, we thank you for participating in the 130th running of the Boston Marathon. Congratulations on meeting the moment and making this year's race truly one of a kind!

Boston Marathoners are among the most dedicated and determined athletes, as displayed by the incredible 98.75% finisher rate on Marathon Monday. No matter the challenges faced, you persevered and were determined to earn your unicorn medal. In all, more than 29,100 athletes finished the race—the third highest total in Boston history—representing 137 countries and all 50 U.S. states.

At the Boston Athletic Association, we strive to make every moment of race week unforgettable for participants, volunteers, spectators, and members of our community. The atmosphere and energy of Boston and Patriots' Day was on full display not just on the course, but at all of our accompanying race events. Of note, the inaugural B.A.A. Youth Mile presented by Boston Children's Hospital saw nearly 1,400 runners between the ages of 7 and 14 take part in races down Boylston Street—giving the next generation a chance to experience the thrill of running across the Boston Marathon finish line.

A special congratulations goes out to our Boston Marathon champions who once again broke the finish tape first —Marcel Hug of Switzerland, Eden Rainbow-Cooper of Great Britain, and John Korir and Sharon Lokedi of Kenya. John etched his mark on Boston Marathon history by establishing a new course record of 2:01:52!

The champions ushered in a flow of finishers down Boylston Street that continued for many hours—a sea of vibrancy, emotion, and joy. It was our honor to welcome every athlete to Boston, celebrating the most famous final stretch in all of road racing.

None of race day would be possible without the nearly 10,000 volunteers, including 1,900 medical volunteers, who support the event in countless ways. We also thank the cities and towns along the route, all our public safety partners, athletes, spectators, B.A.A. staff, organizing committee members, and everyone who made this event possible, including our presenting partner Bank of America.

From all of us at the Boston Athletic Association, we thank you for being part of the 130th running of the world's oldest annual and most historic marathon. We hope to see you back on the roads of Boston again soon.

Sincerely,

Peter Brown

BANK OF AMERICA

130 Years Strong: Thank You for Powering the Boston Marathon with Us

On behalf of everyone at Bank of America, thank you for your continued partnership and for the role you played in the 130th running of the Boston Marathon presented by Bank of America. This milestone year was a powerful reminder of why the Boston Marathon remains one of the most celebrated sporting events in the world—bringing together athletes, spectators, and communities in a shared moment of pride, perseverance, and purpose.

As we mark our third year partnering together, we are especially proud of what we have built. Each year has strengthened our collaboration, expanded our impact, and amplified the stories that make the Boston Marathon so meaningful. From athletes running in support of nonprofit causes to volunteers and supporters fueling the energy along the course, this year's marathon created moments that will leave a legacy for years to come.

Your commitment and generosity continue to be central to this success. Your involvement helped transform this iconic event into a platform for connection, compassion, and community impact—both in Greater Boston and beyond.

Together with the Boston Athletic Association, we remain focused on creating opportunities to engage athletes and millions of sports fans, drive growth, and make meaningful philanthropic investments that extend well beyond race day.

We are deeply grateful for your partnership, your passion, and your belief in what this marathon represents. As we look ahead, we are excited to continue this journey together and to build on everything that makes the Boston Marathon—and our shared work—so special.

Sincerely,

Miceal Chamberlain

HISTORY MADE:

Back-to-Back Champions

If moments were made to be met and records were made to be broken, the professional athlete field of the 130th Boston Marathon presented by Bank of America emphatically, dramatically, and historically rose to the challenge, led by a mind-boggling course record time of 2:01:52 by defending champion **John Korir** of Kenya.

John Korir and Sharon Lokedi

Korir was not the only repeat winner: In the women's race, 2025 champion **Sharon Lokedi** of Kenya broke the tape in 2:18:51, the second-fastest winning time in race history after her own mark of 2:17:22 set last year.

And in the wheelchair division, **Marcel Hug** of Switzerland clocked in at 1:16:06, winning for the ninth time, with **Eden Rainbow-Cooper** of Great Britain notching her second Boston win in the past three years, in 1:30:51. Both were the second-fastest times ever recorded here.

For their victories, Korir and Lokedi took home $150,000, with Korir netting a $50,000 bonus for lowering the course record. Hug and Rainbow-Cooper each earned $50,000.

Taking advantage of near-perfect conditions—45 degrees Fahrenheit at the start, with a slight tailwind that blew harder as the race went on—the men's open division went out fast from the gun, running near or ahead of course-record pace every mile. At halfway, 2016 champion **Lemi Berhanu** of Ethiopia celebrated the 10th anniversary

of his victory by pushing the pace, grabbing the lead and hitting the 13.1-mile mark in an unprecedented 1:01:43.

Now the race was on. Berhanu was soon to be overtaken in a surge by countryman **Milkesa Mengesha**, with none other than Korir in immediate and quick pursuit.

With Heartbreak Hill in view, Korir made his own move; by 20 miles he'd built a lead that read seven seconds on the clock but was insurmountable by its feel. After his 4:42 mile up Heartbreak Hill, even his rivals began visualizing Korir breaking the tape. Said Tanzania's **Alphonce Felix Simbu**: "We just tried to catch him, but he went, so we didn't."

Instead, just like last year, Simbu found himself locked in a podium duel down Boylston Street—this time with 2021 Boston champion **Benson Kipruto** of Kenya, who Simbu would pass in the final few meters to finish as runner-up for the second consecutive year. With their respective finishing times of 2:02:47 and 2:02:50—also faster than the previous course record—they became the second- and third-fastest men in Boston history.

"I knew I would defend my title, but I didn't know I would run that fast," said the 29-year-old Korir, who was competing here for the fourth time. "For many years, my mind was set on the course record (of 2:03:02, set by **Geoffrey Mutai** in 2011), and I thank God that I have achieved it now." Beyond the course record, Korir ran 60:02 for the second half of the course,

by far the fastest half marathon split in Boston history.

He is expected to donate 10% of his Patriots' Day winnings to Transcend Talent Academy, a nonprofit secondary school in Kenya founded by his brother Wesley, the 2012 Boston Marathon champion.

The women, meanwhile, were proceeding at a crisp but less-startling pace, with American **Carrie Ellwood** leading a pack of 16 through the halfway mark in 1:11:02. At 20 miles, nine women still remained, all of them likely wondering when Lokedi—who ran a course record 2:17:22 in her win last year—would assert herself. Spoiler alert: She did so near the top of Heartbreak Hill, and by 35K only countrywomen **Loice Chemnung**, **Irine Cheptai** and **Mary Ngugi-Cooper** could attempt to keep up.

But not for long. By Mile 23, Lokedi was in control, her eight-second lead over Boston rookie Chemnung looking secure.

"I just had to be patient," said the 32-year-old repeat champion, whose legs—and chance to defend her title—felt heavy in the early miles. "After I broke, I was like 'I don't know what I'm gonna do, but I'm just gonna follow the (lead) car."

"I need it, I wanted it, and I went for it."

Chemnung would finish second in 2:19:35 and Ngugi-Cooper in 2:20:07, moving to No. 5 and No. 7 on the race's all-time list.

John Korir crosses the finish in 2:01:52, breaking a 15-year-old record.

PRO RACE RECAP

It was an historic day for Americans in both the men's and women's races, with **Zouhair Talbi** clocking 2:03:45 and **Jess McClain** crossing the line in 2:20:49 for the fastest times by an American ever on this course—and, for Talbi, the fastest time ever run by an American anywhere. Both finished fifth.

"I just surprised myself today," Talbi said of his time in an interview that afternoon.

Both wheelchair races were decided early, with Rainbow-Cooper building a 24-second lead over Switzerland's **Catherine DeBrunner** by 5K that she would never relinquish. DeBrunner would finish second in 1:32:59, with American **Tatyana McFadden** third in 1:36:43.

For Hug, his ninth victory here leaves him only one short of **Ernst van Dyk**'s all-time mark of 10. The perennial champion won by 6:38 over runner-up **Daniel Romanchuk** (1:22:44), with **Jetze Plat** of the Netherlands third in 1:24:13.

"Every single win here in Boston is really something special, very unique, and means a lot to me," said the 40-year-old Hug. "And now to win nine times is even more incredible."

Zouhair Talbi records the fastest American marathon time in history, 2:03:45.

BANK OF AMERICA

Our leaderboard is measured by impact.

On April 20th, we didn't just celebrate record times — we celebrated record giving, too. For nearly 4,000 athletes at this year's Boston Marathon® presented by Bank of America, fundraising was as important as training. And much like the satisfied exhaustion of crossing the finish line, the impact they made for their causes was worth every mile.

Bank of America is proud to support fundraising athletes, past, present and future, as they make an impact on the world — from the first donation to the finish line.

Bank of America champions everyone who dares to ask, "What would you like the power to do?"

Top 5K contenders turn the corner near Boston Common.

PHOTO BY PHOTORUN

Stars of Saturday

It was a damp and chilly Boston spring morning, but the competition was heated in the Boston 5K presented by Mass General Brigham Cancer Institute.

Leading the 9,306 finishers from Boston Common to Boylston Street were two wheelchair stars, **Marcel Hug** (10:25) and **Tatyana McFadden** (12:29), while a pair of 23-year-old Ethiopians, **Addisu Yihune** and **Gela Hambese**, prevailed in the open divisions.

"To go through the finish straight is a good feeling," said now-nine-time Boston Marathon winner Hug, enjoying the atmosphere of race weekend.

Yihune earned an extra $5,000 bonus for setting a men's event record when he crossed the finish line in 13:14, smashing the previous best of 13:20 set by **Ben True** in 2017. Finishing second was fellow Ethiopian **Mezgebu Sime** (13:21), with Kenya's **Edwin Kurgat** third in 13:23.

"I knew I needed to push at the end," said Yihune, a 2024 Olympian at 5,000 meters. "That was my strategy."

The top American was **Cooper Teare**, fourth in 13:25, 13 seconds faster than he ran in his 2024 win here. "I feel really happy with it," he said of his race.

For the women, Hambese—the 2025 champion—was the first woman to defend her title since **Buze Diriba** in 2018, breaking the tape in 15:28. She was followed to the line by a pair of Americans who dueled to a photo finish for second and third, with **Rachel Smith** prevailing in 15:33.79 to **Katie Izzo**'s 15:33.91.

"I went my own way," said Hambese, who took the lead just after 2K, of her race plan.

Izzo was the only competitor to go with her, but Smith came back to nip her at the line for the runner-up spot.

"It's so magical," said Smith, of the weekend's vibe. "You can just tell that so much emotion and history is here." On Monday, the 34-year-old Maine native was in the Newton Hills near Mile 17 watching her brother and sister-in-law run the marathon.

"Someday, someday," she said, of running it herself. "This is like my hometown marathon."

MILE MADNESS

A few hours after the last 5K finisher crossed the line, the three-lap B.A.A. Invitational Mile kicked off with two students from each of the eight cities and towns along the Boston Marathon course—Hopkinton, Ashland, Framingham, Natick, Wellesley, Newton, Brookline, and

Boston—competing in a middle school 1K and then a scholastic mile that ended on the same Boston Marathon finish line.

It was a big day for Brookline in the Middle School 1,000 Meters, with **Alex Kvitnitsky** winning for the boys in 2:58 and **Hannah Tipton** taking the girls' race in 3:17.

In the Girls Scholastic Mile, **Sara Blanco** of Boston won in 5:17, with Newton's **Maggie Abely** (5:18) and **Isabelle Monaghan** (5:19) going 2-3. Blanco is the reigning Division 2 cross-country champion, leading her Boston Public Schools squad to its first team title in history.

"I was really proud of my performance today and the crowd kept me going, so I'm really grateful for them," said Blanco.

On the boys' side, **John Bianchi** (4:25) of Natick held off the Brookline duo of

Theodore Butty (4:26) and **Harrison Flint** (also 4:26) for the win. For Bianchi and Butty, it was déjà vu: In 2022, Bianchi won the middle school race, with Butty right behind him in second.

"I kind of wanted to crank it hard; I knew the field was deep and there were a lot of people that could hang around if we didn't make it go fast," said Bianchi, who had the fastest indoor mile time in the state this season. "It's an amazing atmosphere. I love the Boston Marathon, so it's just such a special thing to come out here and race here at the finish line. It's truly such a blessing."

Then it was time for the professionals. The men's race saw six men rounding the final corner, with **Eric Holt** out front. Holt, a two-time Olympic Trials semifinalist at 1,500 meters, would hold on for a close victory in 4:06, with **Isaac Basten** of the B.A.A. High Performance team given the same time for second and Canada's **Foster Malleck** in third, one second back.

"I've gone head-to-head with Eric a million times," said Basten. "If I had a dollar for every time I was second, I'd be a rich man. So, I knew it would be close. … What a great experience doing it in front of the home crowd."

Kenya's **Dorcus Ewoi** wrapped up the day's racing action in style, defending her title and becoming the first woman to break 4:30 here with her event record win in 4:29. Finishing second and third were Americans **Rachel McArthur** (4:34) and **Taryn Parks** (4:35).

Ewoi, who after winning here in 2025 went on to earn a 1,500-meter medal at the World Athletics Championships in Tokyo, was grateful for the course knowledge she gained.

"If I'm losing, that's fine," she said of her mindset coming in. "I'm just going to run as fast as I can."

B.A.A. YOUTH MILE

Saturday's racing concluded with the inaugural B.A.A. Youth Mile presented by Boston Children's Hospital, featuring nearly 1,400 young runners between the ages of 7 and 14 running up and down Boylston Street.

The B.A.A. Youth Mile was the largest youth event in Boston Marathon history, and kicks off the B.A.A.'s year-long community programming geared towards the next generation of runners.

CHARITY PROGRAM

RECORD $57.3 MILLION RAISED

for nonprofits at the 2026 Boston Marathon presented by Bank of America

PHOTO BY MEGHAN MURPHY

193 organizations benefitted from Bank of America Boston Marathon Official Charity Program fundraising

The total funds raised through the 2026 Boston Marathon presented by Bank of America reached a record **$57.3 million**, surpassing last year's single-year record of $50.4 million. The growth represents a 13.7% increase in fundraising year over year.

Through both donations and charitable fundraising from race participants within the Bank of America Boston Marathon Official Charity Program, the $57.3 million goes directly toward the 193 nonprofit organizations involved in the program. Since the Official Charity Program's inception in 1989, the total charitable fundraising efforts now surpass **$675 million**.

"Bank of America Boston Marathon Official Charity Program participants have once again set a single-year fundraising record, leading to an everlasting fundraising impact for nearly 200 organizations within our community," said Nicole Juri, director of development for the B.A.A. "Athletes not only completed the 26.2-mile journey from Hopkinton to Boston, but have created a ripple effect with their fundraising efforts to support various causes near and dear to their hearts."

Bank of America showcased various fundraising participants' stories through their "My Marathoner" campaign, sharing the dedication and commitment of athletes within the Bank of America Boston Marathon Official Charity Program.

"The 130th Boston Marathon is once more showing the power of sports and of community coming together to benefit organizations that support hundreds of thousands of our neighbors and family members," said Miceal Chamberlain, president of Massachusetts, Bank of America. "This spirit of giving is an inspiration to us all as we celebrate global sports in the months to come."

The Bank of America Boston Marathon Official Charity Program comprised nearly 10% of the 2026 Boston Marathon field size, where selected organizations utilized their entries to recruit athletes who commit to raising funds for specific causes. A full list of organizations within the Official Charity Program for the 130th Boston Marathon presented by Bank of America can be found on the B.A.A.'s website. The application process for next year's Bank of America Boston Marathon Official Charity Program began in early June, with information available at baa.org. Selected organizations will begin recruiting athletes in the fall.

Within the Official Charity Program, the B.A.A. had its own team that raised funds to support the organization's mission of promoting a healthy lifestyle through sports, especially running. The B.A.A. Gives Back Marathon Team raised nearly $450,000 for the B.A.A.'s year-round community programming and youth initiatives, including more than a dozen events dedicated to supporting athletes at all levels of their running journey. In addition, the B.A.A. Climate Crew team in its second year raised $87,000 towards the B.A.A.'s ongoing sustainability initiatives to further support our environment and community.

Boston's Marathoners and Medley to Marathon Programs

Two of the B.A.A.'s ongoing initiatives within the community are **Boston's Marathoners** and the **Medley to Marathon**, helping celebrate runners right here in Boston.

The **Boston's Marathoners** program was developed with the goal of creating a pathway to participation in the Boston Marathon for individuals who are active in the Boston running community and may be part of historically underrepresented groups in the marathon and distance running. Boston's Marathoners proactively help diversify the sport, elevate leaders in the community, and unite athletes around their shared goal of finishing the Boston Marathon. The program, which athletes can apply to be part of, was also designed to address common barriers to the sport, including cost, representation, and visibility. This year there were 30 athletes who were part of the Boston's Marathoners program!

Not quite ready for the marathon distance? No problem. The **Medley to Marathon** program was developed and launched in 2024 for those aspiring to be part of the Boston's Marathoners team who may need extra time to prepare for a full marathon. Participants start by running the Boston 5K in April, progress to the B.A.A. 10K in June, then complete the Boston Half in November. Upon completion of the Distance Medley series, they begin preparing to run the Boston Marathon the following year! A total of 19 Medley to Marathoners finished this year's Boston Marathon, while 20 new Medley to Marathon participants are striding towards completing the 2026 Medley Series. Next up for them is the Boston Half on November 8.

Junior Peña, a 2025 Medley to Marathon participant, shared a little bit about the impact of the program:

"The Medley to Marathon program has been such a gift to my development as a runner and my future aspirations in the sport. The program provided me with a community of support, engagement, and collective care that was unmatched. I still vividly remember hearing and seeing all the support for us as runners when we navigated finding hours to complete our training in a really difficult winter, and words of affirmation for when we navigated injuries or barriers along the way.

"My favorite race was the Boston Marathon itself, but I thoroughly enjoyed participating in all the official B.A.A. races, and so much so that I am running in the Distance Medley again this year, as well as preparing for the Honolulu Marathon at the end of the year. What I enjoyed most about the distance medley was the wide representation present in all the races. It is truly awe-inspiring to see people from all walks of life collectively committed to completing something difficult. I found the Medley to Marathon program to be a perfect illustration of what is possible when we invest in community, inspire connection with and across difference, and celebrate one another on achieving an incredibly difficult goal. I am forever indebted to the B.A.A. for allowing me this opportunity, and I look forward to paying it forward by volunteering and continuing to show up for my peers, continuing the tradition."

> From nine Boston's Marathoners in 2023 to nearly 70 athletes taking part in Boston's Marathoners and Medley to Marathoners this year, continued growth has been a focus in recognizing hometown runners.

Birthday Bash

This year's youngest participant was **Nate Whiting**, who turned 18 on Marathon Monday. On his first day of eligibility to participate in the Boston Marathon, Nate ran an impressive 2:37:01, setting a personal best by six minutes.
"It was really an incredible experience with all the people watching and being able to run through it, and it was an experience that I will never forget. I loved every moment of it, and while running, I love to talk to people, and they were always so surprised when I told them my age or that I am still in high school, which was cool. I have been running for six years now, and running the Boston Marathon has always been a dream of mine, so I am very grateful that it lined up perfectly for me to do it on my 18th birthday."

SUSTAINABILITY REPORT

Prior to the Boston Marathon, the B.A.A. and Schneider Electric released the B.A.A.'s 2025 Sustainability Report, showing accelerating progress toward a 42% emissions-reduction target, waste diversion across events, and $50.4 million raised for 172 nonprofit organizations through the Official Charity Program. The report, led by the team at Schneider Electric's SE Advisory Services, details our ongoing efforts to reduce environmental impact while creating safe, community-oriented athletic events that promote healthy lifestyles.

This significant milestone also highlights Schneider Electric's continued commitment to the Greater Boston area, underscoring the shared vision of building a more sustainable future for the local community, digital infrastructure, and beyond.

Southern Star Weightman Makes it Six

Aussie Olympian earns her Six Star medal at the 2026 Boston

Boston recorded another all-time high for Abbott World Marathon Majors Six Star finishers with 1,639 runners reaching the milestone on April 20.

Among them was Australia's **Lisa Weightman**, a four-time Olympic athlete who clocked 2:32:41 to come home as the 22nd place woman overall and first in her age category.

The 47-year-old, who has silver and bronze medals on her record from the Commonwealth Games and is a two-time national champion over the half marathon, has been inside the top eight at Majors on three occasions.

Weightman, who made her 26.2-mile debut in London back in 2008, was the first Six Star Finisher home on Patriots' Day.

She said afterwards: "To be here at 47 earning this medal in Boston is very special. My husband has been running with me and riding the bike with me throughout all of the marathons that I've achieved, so I feel like this is definitely a team medal.

"I'm not a pro anymore; I have a full-time job in a bank. I love the fact that you don't have to be a world class athlete to earn this medal. You just have to go and train, put on a pair of shoes, join a community, and have a lot of fun. And if you get the opportunity to do all of these amazing races, you can earn the medal.

"I know back home in Australia, everyone is chasing this, so it's pretty special."

A RECORD 1,639 ATHLETES EARNED THEIR SIX STAR MEDAL IN BOSTON THIS YEAR.
